#### DC Council Must Act on **Revenue Sharing Funds**

A South San Francisco man was killed Saturday night when a pickup truck overturned on him on Interstate 280 near Millbrae motorcyclist was killed in Burlingame Sunday police reported today on the pickup truck were injured and the driver was arrested on a manslaughter charge, according to the Californi Highway Patrol.

Booked into the County Jail at 1:30 today was John William Ashcraft, 21, 28 Los Flores Ave., South San Francisco. Cisco.

Listed by the CHP as injured were Lynn Ingersoll, 17, 337 Arroyo Drive, South San Francisco; Jerry Cabill.

21. address in South San Francisco unknown; and Greg Gonzalez, 19, 407 Gardenside Drive, South San Engelsche Cisco.

Greg Gonzaiez, by denside Drive, South San Francisco Cahill, over whom the pickup truck also rolled, was taken to Peninsula Hospita with major head nijuries, were described by CHP as be minor.

the majority of the board of directors.

It still has not been acted upon, according to Rufalow.

Both Ms. Fernandez and Mrs. Kessler separately agreed with councilman Hupt that it would best serve the interest of the communitation of the councilman McRobert Stewart. Rowe was instructed by Mayor Victor Kyriakis to meet with the women.

A decision which could have far-reaching effects on every homeowners association in the State is expected to be made within the next without prior approval from the sesociation of the secondard in the issue control to be made within the next of two weeks by Son Mateo County Superior Court Judge Attenney Paul Huri, as The Issue began as a minor dispate between two neighbors over construction of a six-foot extension to the rear of a Daly City home. Construction started in carly May at the home of George and Catherine Horsfall to allow Horsfall to build the kitchen extension. However, he said, allowing femore and Erman R. Dave of 28 Chiffside Drive, Blory L. Horsfalls' neighbors. Horsfalls' neighbors, Horsfalls' neighbo Robert Valentine, 21, of 175 Second Ave., Daly City was allegedly pistol-whipped by his uncle. Jack Round-tree, during an argument over some undisclosed property Boundtree suspected Valentine had in his possession Sunday.

Police said Roundtree visited Valentine at his home at about 10 p.m. and threatened his nephew with a

After he allegedly struck Valentine across the face with the gun a struggle ensued and the gun went off.

The slug struck a wall inside the building, police

# The City Council in Daly prior allocations. It was active must again make Solomon-like decisions as to who will get revenue sharing funds allocated to the city and who will not. More than a dozen persons from the community service Center from the community and city trooped before the council for funds are the community and city trooped before the council for funds are the community and city trooped before the council for funds are the community and the Guadalupe clarks to the council for funds are the works. #### Budget: JESD Trustees Say They're Confused

Jefferson Elementary sion and the last two budget sexpressed confusion and frustration when they met Monday night to review the district's preliminary budget for the 1975-76 school year. If m terribly confused pressed against his laps budget, said Trustee Alvin to schwarzbach. 'I am going to leave this meeting in a terribly frustrated state of mind. I think it's almost unconscionable to ask trustees to come down — this is the third budget meeting we've sweated through — and walk away not knowing any more than the second property of the second pr

som and the last two budget can be put the sessions. In going to be builting that the start or some alternation and quiety through this barrage of criticism, an index finger presend against his ligs. There must be some way this budget can be put together where we know what our income (for the present school year) are unless somebody is kidding so rhiding money in the bottom drawer of a bureau. Be out that it's going to cost to what it's going to cost to the continued.

The preliminary budget, and the budget called this surface accounts. For external this district is now expending 215 to 216, while enrolls the case of 211.49.49 and the continued. The preliminary budget, comparing projected we from the budget but had been placed in separate rais since 1898. For extere a seed Lynch to draft another preliminary were still in less time this decreasing. We are going to be utilizing 206 (teachers.): And now it looks like we're going to decrease total expenses of 211.49.49 and the surface of 21 to 216. While enroll associated that a red it assigned. The preliminary budget, comparing projected we are going to decrease total expenses of 211.49.49 and the surface accounts were still much and the budget but had been placed in separate constructions while aroll in the budget but had been placed in separate criticism and mow it looks like we're going to decrease total expenses of 211.49.49 and the surface and Can we afford it." Sure missing the budget show the decline and the budget to a budget can be weere still much in the budget but had been placed in separate criticism and mow it had been placed in separate criticism. An on with a decreasing criticism and index finger present school year to the fart another preliminary were still much and the budget but had been placed in separate criticism and the surface accounts.

For rester quoted Lynch as saving at a public meaning that the sixty in a public which and the surface accounts.

For the meating is look like we're going to decrease to a contraction of the service of the f

#### Parents Demand Man-Nielsen Ouster

By JANET PARKER
A fact-finding report prepared by an appointed neutral party was released at a special meeting of the South San Francisco Unified School District Board of Trustees Sunday night.
The report came in the tenth day of a strike which has affected the 22 public schools in the district. However, the report was overshadowed by a call for the resignation of District Supp. Dr. Paul Nielsen
Melsen was not in the crowded cateria when Bohert Paterson, a parent, presented petitions signed by 50 persons cracing Nielsen "ineffection" in resolving tracking the special persons to another the second persons to a fine second persons of the second persons o

he must be remuses.

It we officer of the schools." the petition said

As Paterson read the petition to the 300 persons who filled the cafeteria, the parents, teachers and students, beachers and students, beachers and students, beachers and students believed to the fact-finding report itself was prepared during the weekend by Philip Tamoush, a specialist in industrial relations at the Inversity of California, Lox Ageles, was seen consistent to the control of the cont

SSF-

The deadlocked parties differed on the value of the content of the report.

Dave Shephard, district spokesman, said the report shows there is no money available except what the district has previously said was available.

He said the report show only that there is 208, 850 blaines from increases and said the report of the said the report show only that there is 208, 850 blaines from increases and in the report by the county schools department, and \$25,000 for everled in the report by the county schools department, and \$25,000 for everly day the teachers are on strike.

Also, in view of a settlement reached between classified employees (all non-teaching personnel) and the district Sunday morning. Bill Kay wrote in an addendum to the report and in expolitations. The settlement of the settlement

He said revenue from SB 90 (legislation intended to stabilize school district revenue sources) and the 35-cent levy under a proposition passed this year could increase the general fund by 31.7 per cent

Description of the activity after the activity and the caches. For example, he said hereceived a letter from a parent at El Camino High school who accused one pick of the caches when she knew told her 'we cannot guarantee your child's safety today' as she drove into the school parking lot.

Tet me assure you this uncalled for, 'the parent was the property of the parent with the solid parents at the elemental but totally uncalled for, the parent with the solid parents at the elemental but totally uncalled for, the parent with the solid parents at the elemental but totally uncalled for, the parent with the solid parents at the elemental but totally uncalled for, the parent with the solid parents at the elementary schools over the Memorial Day weekend and told them not to let their children and to give the names since, le intends to follow up on the teacher's activity in legal action if necessary.

The superintendent also said the destrict of the trustees homes and husinesses is a secondary boyott and, therefore, illegal the solid point of the trustees homes and husinesses is a secondary showed.

BART Parking
Lot Approved

The San Francisco Planning Commission Thursday approved by a 4-2 vote the controversal parking lot near the Day Cry Bay Yrea Hapd Transit station.

#### **SM Mayors Ask** Status Quo on Assessments

The mayors voted almost unanimously to ask The mayors voted almost unanimously to ask County Assessor Jack Estes to hold off his reassessments for the 1975-76 fiscal year and use those for the current year again. Single-family home valuation in some areas of the county have been increased as much as 60 per cent.

some areas of the county have been increased as much as 69 per cent.

In Belmont, where the mayors met Friday, the average was 45 per cent. Apartment, commercial and industrial properties were reassessed very little f at all. The result could be much higher taxes for families and perhaps less for the others.

The vote would have been unanimous but Pacifica Councilwoman Grace McCarthy abstained, saying she wanted instruction from her council before voting on a motion with such great impact.

A resolution offered by Belmont Mayor Robert A Jones and San Bruno Mayor Tony Governale were combined into one asking the county's legislators in Sacramento for laws stabilizing residential propersum to supplement city revenues and make up any losses.

gram to supplement city revenues and make up any losses.

Kenneth Ehrman of Monterey, attorney for the Hillsborough Homeowners Association, told the mayors his group was to be more positive in its dealing with Estes and would seek a court injunction prohibiting use of the new assessment roll, which becomes current July; asked legal action could force Estes also to review his non-residential property assessment program and make the reassessments more uniform. The attorney also invited the cities to join as opiciantifis in the court action, at a minimal cost to themselves, since the action already is underway and has been adequately financed.

The cities would be welcome and would add strength to the Hillsborough homeowners' case, Ehrman said.

Good morning, good cooks.

I recently received a news letter from the California Dietetic Association which I think you good cooks would find interesting.

Do you remember breakfast? That was the meal that most American families used to eat after waking in the morning.

Today, it's fast becoming the forgotten meal. The U.S. Department of Agriculture reports that the most common breakfast at mong American dults is only loast and coffee. Teenage girls and women, who have the greatest nutrient needs, often have the poorest breakfast habits of any members of the family.

Some of the reasons given for skipping break-

Some of the reasons given for skipping break

Some of the reasons given for skipping break-fast are "inot hungry," "watching weight." "no time" and "food in the morning makes me sick." The California Dietetic Association has developed a list of suggestions to help improve the breakfast situation:

Start with only a single food such as a piece of fruit or a cup of cocoa and add other foods gradually, within two or three weeks.

Point out that a person is less hungry at lunch if an adequate breakfast has been eaten. Studies have shown that weight reduction is much easier to manage when a morning meal is included.

Keep easy-to-fix foods on hand, such as

New Peasy-to-fix foods on hand, such as ready-to-eat cereal and milk.
Don't limit selection to traditional breakfast foods, soup, a grilled cheese sandwich or leftover stew make nutritional breakfasts.

Urge breakfast skippers to practice a trial run For instance, eat breakfast for a period of two to three weeks and do an honest appraisal of hemselves to see whether they feel better in the morning and accomplish more at school or work.

Finally, the dietitians suggest that family members should be encouraged to choose foods, for all meals during the day, from the Four Food Groups (milk, meat, vegetables and fruits and breads and cereals).

HAVING A dedicated breakfast skipper in my

having A dedicated breakfast skipper in my family, I find these ideas most interesting. To serve a delicious and easy to prepare breakfast to your family this weekend I'd recommend these corn fritters.

CORN FRITTERS

1 egg

ta cup milk
1 cup pancake mix
1 can (12 ounces) whole kernel corn. drained
Blend the egg with the fourth cup milk. Stir in
the one cup pancake mix and 12-ounces drained
whole kernel corn. (Use a light hand with the
stirring, these fritters don't take to heavy mixing)
Drop by teaspoonfuls into hot oil (1-inch deep) and
cook slowly until golden brown, about 4 minutes.
Makes 20 to 24 fritters.
Serve hot with lots of syrup.

#### TEACHER RETIRES

TEACHER RETIRES
Mrs. Florence Ofenheim, a
kindergarten teacher at
Westlake School for 12
years, is retiring, a native of
Canada, she received her
redential at San Francisco
State University. She has
taught at Vasor College in
New York and at several
schools in the Jefferson Elemen
tary. School District since
1960. This year, she received
the Lifetime Honor Award
from the PTA. Mrs. Ofenheim
is shown with Edmund Espirita, student.

#### J-Teens Set **Beach Party**

All Pacifica sixth, seventh, and eighth grade J-Teen members are welcome to come along on the J-Teen Beach Party, June 7, from 5.30 to 9:30 p.m.

Cost is \$1, which includes ansportation to Montara each and soft drinks.

Everyone is to take their own food to barbecue and the P.B.&R. will build fires and provide grills.

Deadline for the signup is June 5, 5:30 p.m.

## ATTRACTIVE SAFETY

#### Hurt Seaman Reported Stable

Hurt Seaman Reported Stable
Guillermo Reves of Daly City was reported in
serious, but stable condition at Marin General Hospital today following the car crash which fatally injured
his wife last week.
The Reves family had been enroute to Stinson Beach
in Marin County to celebrate his recent release from
capture by the Khmer Rouge in Cambodia while serving
as a merchant seaman aboard the SS Mayague.
Less than a mile from the spot where the family
intended to have a Memorial Day prienic. Reves car
went off the road and plunged 300 feet down a clift.
His wife. Salvacion. was killed. and two children
and a friend were injured.
The Reves children. Jannine. 16. and Czarrina. 13.
and the friend, Jackie Bostus, 39. were reported in good
condition with less severe injuries.

A Voice of Silent Majority'

"Mrs. Andelin was on as a recent 'woman's lib show. Who is she?"
Helen B. with the shear was a large group of women in today's society. For this she has been called the voice of the silent majority. She believes that due average American woman believes that a woman can entertain."

If the shear was a woman can entertain in the main that the average American woman believes that a woman can entertain. If the shear was a woman can entertain in the shear words. It is right and the shear words in the shear words in the shear words and the shear was a woman can entertain. If the shear was a woman can entertain in the shear words and the shear was a woman shear words and the shear was a woman was the shear was a woman and the shear was a woman was the shear was a woman was the shear words was a woman in the shear with the shear was a woman in the shear with the shear was a woman in the shear was a woman was a wom

For Mrs. Andelin the concern of American women should be "to avoid the narrow selfish life of living alone with no one to care for, to work for, to live and to die for. To achieve this goal each woman — single or married, homemaker or career person — must become a fascinating woman. She must work on her personality so that she "radiates happiness," "possesses grace, uses understanding, inspires people with her wisdom, has a "generous heart" and a face "blushed with rosy health." Mrs. Andelin makes two lists of personal characteristics — angelic and human — and writes that a balance of both makes a happy and fascinating woman. In her book "The Fascinating Girl." Mrs. Andelin writes that a good character is essential in becoming a happy woman. Moreover. "you can acquire a beautiful character in the same way that you would acquire any other accomplishment, by diligent effort. She advocates such principles as "hold to good acquire any other accomplishment, by diligent effort." She advocates such principles as "hold to good acquire any other accomplishment, by diligent effort. She advocates such principles as "hold to good acquire any other accomplishment, by diligent effort." Andelin speaks of celestial love as the ideal for women. It is achieved by women who are balanced between the "domestic goddess" and the "amusing human." From this point of view Mrs. Andelin can write, without apology, of the techniques of catching a man, this she does in the "fascinating Girl" and of the tools a wife should employ to make her home into the mest" she needs for happiness. Without stretching the tools a wife should employ to make her home into the mest" she needs for happiness. Without stretching the point, the wise woman can apply the Andelin techniques to the office or anywhere elso and withdrawal." She is a loving woman who wisher man and becomes his equal for life by using "sound knovledge and base principles" in the "justifiable art of being a partee."

#### Park Commissioners Nix Ratio Plan

Members of the county's Park and Recreation Commission agreed Wednesday afternoon they should not be stuck with a concrete ratio between the costs of acquir-ing land versus the development of existing parkers.

ing land versus the development of existing parks.

We shouldn't be stuck with a certain ratio. "Commissioner Ernest J. Ribera commented, using San Bruno Mountain as an example.

"Whatever we acquire we must do something with." he said. "or we may end up with something we can do nothing with. We must show what we can actually make function and make whatever we have available to the people."

Mrs. Polly Sandkulla. commission chairman, said the board should be concerned with both acquisition and evelopments. The commission is specially expensive development.

Ribera said he thought the commission should not deal on a general percentage, but should deal with each park on an individual basis.

"As long as we have the land we can do something, although it might be limitted," he declared.
"Our function is not only the development of parks but the preservation of land as well." Mrs. Sandkulia asserted.
Ribera disagreed, saying the preservation of land is a county function.
John T. Brook Jr., county park and recreation director, said it is the purpose of his department to develop a park system, including passive, natural-type parks as well as other types.

Development is becoming very expensive." Brook pointed out, saving his department is not spending money on construction.

"I believe it would be a mistake to commit any monies for development rather than acquisition.

Brook said the question will become its developed, it must already be part of the county's master plan.

The function of the commission, according to Mrs. Sandkulla, is to acquire land before it's too late.

Development can come later in a time phase

phase
"You are saying. Let's not get tied
down on a percentage figure. Commissioner Joseph J. Higgins adde.
He cited the Wunderlich Estate, valued
at millions of dollars, which was donated to
the county.
"Quite naturally, when it is developed,
tigures jump greatly."

Duane Mattison, assistant director of parks and recreation, said when a park is chosen for development it is frequently chosen on criteria that will enable the county to get state and federal grants for

county to get state and recerai grains sor its development.

"What triggered this entire thing was outsiders coming in and telling us where we should use the funds." Commissioner Albert P. Pfuff commented. "I think it should be more in our hands, as to the

needs, where the money should be used. The future parks must benefit all. "

State of the state

Beaches because of previous commit-ments."

Brook reported that newspaper accounts that 30,000 people used Coyote Point over the Memorial Day holiday were true, but that this is hardly an average attendance.

Higgins said he visited the park Monday, and found part of the parking lot filled with hoat trailers, the harbor itself filled with visiting vessels, not one place available in the parking lot, the lot of the nearby San Mateo Municipal Golf Course filled, and the beach area parking lot 80 per cent. "And the beach was really filled." Brook reported almost all county parks were at capacity or beyond. He said Huddart Park west of Woodside had to be closed because in was filled, and at Memorial Park 136 campsites were filled by Thursday.

Higgins commented he has been informed that the county parks have not been appraised since 1967, and if the commission is going to be confronted again by mission is going to be confronted again by the commission which holds its regular meetings the second Wednesday of each month agreed to return to a meeting time of 2 p.m. instead of at 10 a.m. as it has been held recently

#### Board Says Transit Planning Won't Be Rushed

By FRANK LaPIERRE

The San Mateo County Transit District Wednesday accepted a vague general transit plan for the county. It is needed to guality the county for federal tunds amounting to some \$2 million.

A public hearing on the interim general plan is scheduled for July 9 at 7.30 pm. In Redwood City.

A request from the district acting general managers from the district acting general managers of the county of the board submore committee.

Six million bauget for 1973-1978 was turned over for study to the board's finance committee.

Both matters, along with recommendations that the board authorize the transit district staff to investigate the scope of work for an Environmental Impact Report on the plan, were prompted by Cantwell in a letter to the board members.

application deadlines set by various government agentics. "We've got to set our own goals." C. Robert Payne
said in voicing his opposition to hurrying into public
hearings on the interim general plan.
Payne suggested that instead of scurrying to meet a
July 1 deadline sought by the Metropolitan Transportation Commission (MTC), it might perhaps be better to
hold public hearings in August. There is another such
'deadline' on Sept. 1, it was explained.
The board noted that it no action is taken by the
SMCTD, the MTC will take what data it now has on local
requirements and submit it in an effort to meet the July
I deadline'

That action would give the board added time to retine the interim plan, the board was told. Director William Bover said Cantwell's request "is more than a staff recommendation."

He said the memorandum was based on "voter approval to proceed with a plan" for transit. And, Royer added, the has always looked at last November's election results as am "order" from voters.

Hover suggested to those members who wanted to hold off until the interim general plan can be modified that it be changed according to information gleaned during public hearings. "Any part of existing plans not acceptable we could modify at public hearings." Royer said.

445 SAN MATEO AVE. FOR 588-6745
APPOINTMENT 588-6745 Payne said his major objection to the plan is that it doesn't provide coverage of rural and unincorporated areas of the county.

"If it is clearly understood we are considering a prototype, then I'll agree (to the public hearing)."

Payne said.

Director Robert Norris said he felt frustrated on the matter inasmuch as the district had not yet adopted its goals and objectives.

Norris presented his plan for proceeding on the basis of various transit studies already completed in the county, and on the district's stated goals and objectives

The district should consider all county transit needs and not just buses. Director Robert Jones said.

On the matter of the transit board holding meetings in various cities, as was at first anticipated, the directors instructed the staff to conduct a survey to learn where they are welcome.

This prompted Director Aubrey Lumley to extend an invitation to the board to use the city hall in Pacifica.

The hiring of a district general manager is expected oon be underway.

It was anticipated a committee will narrow the field of applicants for the job to 20, this list will then be screened for the 13 most desirable applicants; next a "bibe ribbon" panel will choose five top contenders and present them to the board of directors.

The board also seeks a qualified legal counsel — preferably with some knowledge of transit district law and operations

Transit District Executive Assistant H. A. Ruffoni was instructed to begin a Bay Area-wide search for a legal firm to represent the district — a job now held by the county district attorney's office.

What the survey report what is made shown in the survey report with the survey report with the survey report when the small or rural shown in the survey report when the small or rural shown is small or rural small or rural small or rural shown in the survey report when the small city. Only 13 per cent small city. Only 14 per cent small city. Only 14

small or rural communities, relatively free from crime and smog. The study, culminating in a report entitled "City Size and Quality of Life." shows that the quality of city life declines as city size increases, says principal report author Duane Eigin. He cited a 1972 Gallup survey showing that Sp per cent of those polled would prefer a rural or small town, and a third preferring a

Also Trained Specialists Servicing RCA and Whirtgool Products

prefer a large city

Between 300.000 and
500.000 voted with their feet
by moving from city to rural
areas between 1970 and 1972.
Elgin notes

What the survey report
indicates. Elgin says, is that
the answer seems to be in
favor of a more balanced and
consciously planned population distribution.

#### Supervisors Talk About Development

be urged of existing undevel-poped prime agricultural land outside of Half Moon Bay. Pacifica and Phase I urbani zation areas. Half Moon Bay and Pacifica would be urged to increase the land availa-ble and minimum densities for multiple family dwell-ings.

Alternatives for the future development of San Mateo Consultation of the Consultation of the Consultation of the Consultation of the Board of Supervisors Tuesday in Redwood City. A public meeting on the report by the Joint Policy Committee of the Association of Bay Area Governments and the Metropolitan or San Committee of the Association of Bay Area Governments and the Pacifica City Council chambers. The Study Involves Cabrillo Highway. Half Moon Bay Road. Rout 380 and related problems of land use and development in the mid-Coastside area.

Coastside area
In its report, the committee concludes that policies
and actions associated with
the dispersed moderate
growth scenario should be
eliminated from further consideration because a number
of important local and
regional goals would not be
realized if they were carried
out

The report cites four major examples

Urbanization would not follow the "city-centered region" concept. New development would be scattered throughout the corridor.

urrougnout the corridor

There would be a high
probability of severe degradation of the corridor's seenic quality and natural
resources. The increases in
highway and other public
service capacities would
create tremendous pressure
for urbanization of prime
agricultural land and other
resource areas.

resource areas

A larger role for transit would be very difficult to achieve. The increases in highway capacities would maintain auto-dependence and provide insufficient incentive to greater use of transit.

• A much larger investment in public services would be required making it more difficult to develop service capacities which are mutually consistent. For example, even if the Crystal Springs pipeline could be linanced, it is unlikely that sufficient funds for corresponding improvement in wastewater treatment would be available.

Major implications of treatment would be available.

Major implications of the imination of the moderate rowth scenario are cited by e committee as being:

No construction of Houte 380 or any similar lat-eral access highway

No increase in the capacities of Cabrillo High-way and Half Moon Bay Hoad, although safety improvements, such as a two-lane bypass of Devil's Slide, should be encouraged.

ABAG could not sup-ort construction of a water ransmission pipeline from he Crystal Springs reservoir the mid Coastside.

ABAG could not sup ort any new service areas or wastewater treatment.

Although the committee says it has not heard suffi-cent delee says it has not heard suffi-cent delee of the major differences in the policies associated with the environ-mental protection and com-pact growth scenarios. It has come up with some tentative conclusions concerning land availability and public ser-vices differences between the two scenarios.

Under an environmental protection and recreation policy, preservation of all existing undeveloped prime agricultural lands would be urged

Under a compact growth dicy, preservation would

#### SF Woman Arrested

A San Francisco woman was arrested early Wednesday and charged with burglary after she alleged inside the sprawling Mercyn's Department store at the Seram Chapping Center in Differen Dennis Guzman and Steve Powell searched the store after being alerted by security guard Frank Domine to a possible burglary in progress about 2 am

Arrested was Ruth Lee Calloway, 27<sub>c</sub> of 1068 Gillman St., San Francisco. Police suspect the woman hid in the store until closing

#### Two Teacher Groups Blast College Board

The annual pulling and hauling between teachers officials of the San Mateo Community College Discontinued Wednesday evening in Redwood City.

This time, spokespersons for both the American deration of Teachers and the California Teachers sociation had their say in front of the board of

trustees.

The latter was the more biting.

Rose Marie Beutler of the College of San Mateo told the members of the board that teachers in the district were "angry" and "outraged" by the "flam-bovant" posture taken by certain district officials in regard to teachers and their salary demands.

Her brief talk was a blistering indictment of at least the president of the board. James Tormey, an outspoken

critic of the instructors' pay package which totals about \$6 million.

According to Mrs. Beuttler, the CTA resents what she called "staggering administrative costs," a series of court findings going against the district and persistent under-estimation of the district's enrollment.

"Who is ripping off whom?" she wanted to know she said the teachers are unhappy about being depicted as greedy. "We are asking for an equitable settlement." she said.

She raised the specter of the teacher strike in the She She raised Unified School District and said she was sure that no one in the community college district wanted something like that to occur there.

Patrick Manning, president of the local chapter of the AFT took a more moderate approach. He said, "we ask for good-faith negotiations, so we may compromise and reach agreement on major issues."

He added that, "... we believe explysives have the right to a cost-of-living increase to maintain their standard of living. We still to the cost-of-living increase to maintain their standard of living. We live to the cost of living we have a standard and providing and approach to the cost of living to the cost of living the late of living the living to the living the living

deucational conditions in the evening.

Manning urget the board to join with the teachers to have a life to the conditions in the evening.

Manning urget the board to join with the teachers to have a life to be set the co

#### Greenhouse Garden Resembles Hawaii

Resembles Hawaii
Many people who discover the dining delights of
fresh Hawaiian panaya at Lehr's Greenbouse garden
research in an Prancisco are 'hooked' for life. A
form New York was so impressed with
their flavor she had Owner Murray Lehr air-express a
case of papayas to her husband in New York City.
Handsome Vince Licata, the squire of Vince's Seafood
and Italian restaurant, is a regular Las Vegas visitor—
not for just a little 'arm action' but to visit the leading
restaurants in the area for menu checkups. Vince and his
sons. Tony and Louis, are top-drawer operators and are
always "tuned in" for improvements . The \$3,96
early-evening specials at the Shirt Tail in Palo Alto are
proving successful beyond belief. Among the entrees to
be featured this week are Baked Sirloin Tips, Roast
Tom Turkey, Baked Filet of Sole and Creps Maurice.
Served Mondays through Saturdays from 4 to 7 p.m. only
A free child's dinner is a Tuesday and Wednesday
night attraction at La Fonda de El Camino. With the
purchase of any adult dinner, owners Jesse and Carmen
Lepe ofter one child's dinner free on these evenings.
The most recent addition to the Superior Palace
restaurant in San Francisco is the boautiful banquet
room, which Owner C. W. Eng says doubles the restaurant sparty facilities.

Well, Yes, It's All Been Said!

There isn't much to be said about the Warriors that sn't already been said at least twice, except, perhaps. 't hindsight wonderful?'
We almost fell into that trap by quoting some erpts from pre-season predictions in the Oct. 26 issue the Sporting News, which would have made the tring News look silly. But then we remembered that the Sporting News in the only one foolied by the Warriors, including rivily.

Even when they got by Chicago (which we had

years i time only one tooled by the Warriors, including your truly.

Even when they got by Chicago (which we had thought they could, or should do), we were upset that Boston hadn't beaten Washington in the semi-timals, because while we felt that the Warriors matched up pretty well with the Celtics and stood a good chance of because while we had to the well with the Celtics and stood a good chance of the well we also felt that there was nobody on the Warriors who could contend adequately enough with Elvin Hayes and Wes Unseld to fend off a four of five game victory for the Caps. Well, we thought that if Attles made more use of Derreck Dickey and Bill Bridges and they played up to their potential, the Warriors somehow might extend it to seven games before losing, but that was all we were conceding.

AS YOU KNOW, not only did Dickey contend very well with Hayes, but skinny Keith Wilkins, who we thought had little chance against the Big E, actually handled him?

thought had little chance against the Big E, actually handled him!

Antway hindsight can sometimes make one look good, and in that spirit we herewith reprint some excerpts from a piece in that same October 26 Sporting News by Oakland writer Dave Newhouse.

\*\* (From Al Attles): "These guys will get better as the season gets older "

\*\* (From Rick Barry): "We might lose some rebounding strength without Clyde (Lee) but Derek Dickey is going to give us good rebounding and more offense. Derek can run and jump and shoot. He's going to surprise some people."

\*\* (Also from Barry): "This is an entirely different team this year. There's more enthusiasm and more agressiveness. Cliff Ray. Is more aggressive by nature than Nate, so this should help us make up for rebounding loss in Clyde's going."

\*\* (From Attles again!: "We're a running team basically. and with Ray. I think we might get the ball out better on the fast break than Nate could. "Cliff might not score as much as Nate, but I don't think you have to have a dominant scorer at center to win consistently."

And now you tell us why Al Attles wasn't NBA Coach of the year.

Just two last comments (for now) on the Warriors. One thing we predicted earlier in the season had validity. On more than one occasion we remarked about the Warriors' amazing good health, and said that if they could stay lucky in that area, they would have a chance of going far because the healthiest teams. If they have above average talent, are usually the ones who wim the championships. And the Warriors did stay amazingly healthy.

Manufacture of the Martines and the Martines and the than Washington that the Warriors had to face in the finals, because we didn't particularly enjoy rooting against Cap coach K.C. Jones. a true local kid who not only starred at USF, but also at Portola Junior High, where he was classmate of ours. We remember K.C. as far back as the 110 exponent basketball team in the seventh grade. Even then he was, pound for pound, certainly the best basketball player in the school, and possibly the nicest kid, as well

And, now, to the Giants, and we say that there's nothing wrong with them that a winning season (maybe not a pennant, but, say, a close second to the Dodgers') in a stadium located in a warm-weather belt close to transportation wouldn't cure.

And if you want to know our opinion, if one of the two Bay Area teams has to move, it should be the A's. Afterall, the Giants were here first and they are the injured party. Besides, Oakland never has been a good baseball town. Even when they were in the Pacific Coast League, they never drew as well in their pennant winning years as the San Franciscans did in their's, and in fact there were years when the Oaks won pennants and the Seal were much lower in the standings and still outdrew the Acorn.

But in the meanwhile, the Giants must get to that warmer weather. Our spice say that to the man, the

drew the Acorns.

But in the meanwhile, the Giants must get to that warmer weather. Our spies say that to the man, the Giant players want to move, not because they dislike San Francisco, but because they hate Candlestick and its

location SUDEN THOLERS: Where would the Angels be today if they hadn't have traded Andy Messersmith away and he could have teamed up with Nolan Ryan'. Can you imagine what it would be like for an opponent to have to face two of baseball's three best pitchers (the other being, naturally, Tom Seaver) on consecutive days twice a week?

Have you noticed that Behalm Parts.

twice a week?

Have you noticed that Bobby Bonds is now leading
off for the Yankees out of the third spot in the batting
order? He could never take the pressure of batting in an
RBI spot for the Giants. We don't know what made Bill
Virdon think that Bonds would respond any differently
for him in New York.

LOCAL NOTES: Terra Nova baseball coach Marty Coil, a former Giant farm hand, is one of their new batting practice pitchers when they're at home. Also at Terra Nova, a breakthrough for the faminists. They've actually talked Jim Soden, head of the social studies department and former USF court star and TN lightweight basketball coach, into coaching Terra Nova's girls basketball team next year. The only thing Soden's worried about is how he's going to instruct them in man-to-man defense without getting slapped in the face.

FORMER PACIFICA San Bruno athletic great Keith Hernandez, now playing first base for the Cardinals, confides to friends that he hates to admit it, but that the pressure of having had the Cards trade Joe Torre away to make room for him may be reflected in \$200 batting average. Seeing' the ball fine, but that he just isn't making contact with that picture swing of his the way he knows he can. Unlike many rookles however, Hernandez isn't letting his anemic batting average ruin the rest of his game. From what we've seen of him, he may have the best glove around first base in the National League.

ting his anemic batting average run the test on may have the game. From what we've seen of him, he may have the best glove around first base in the National League. Spectacular!

Another local rookie (from Daly City and USF). Bobby Nolan is pitching well in relief for Phoenix at the moment. This must be comforting to the Giants, who for several years need left-handed relief pitching desper-ately, and now have Gary Lavelle going great guns with an apparent back-up in the minors should Lavelle go Sour.

Sour

Laurie Smith, secretary to Assistant Principal Don
Delbon at Terra Nova, got one of the thrills of her
medium-young life during the NBA playoffs when she
picked up the phone one day expecting to hear something-or-other from an irate parent and instead found
herself chatting with Rick Barry.

#### El Camino **Downs Cap** In Playoff

By JERRY LITTRELL
Times Correspondent
Baseball being that proverbial "game of inches," it
wasn't any surprise Saturday
that about ten of them enathat about ten of the Central Coast Section
Region I tutle game.
Ten inches was just about
the difference in Camino 5-7-3 win over Capuchino Cap
hurler Rich Andersen, who
nibbled at the knees in six of
the seven inmings. Let his
the seven inmings, let his
ming that keyed the Colt
victory.
El Camino now advances
to the first round of the CCS
finals 8 p.m. Friday might at
San Jose's PAL Stadium
against Region III winner
Occio. Camino's lower half of
the batting order wasted lit-

batting order wasted lit-time with Anderson. ee high pitches led to Bob neolo's inning-opening k, then Bob Humphrey, ty Ottonello and Paul ich ripped three consecu-singles for two runs. An eld error on a potential tich ripped three consecu-e singles for two runs. An ield error on a potentia ible-play ball let the thiru across and Ken Witsoe' o-out single plated the

nurth tally.

#### Serramonte Wins CCS Track Title

By CHRISTOPHER STAVE
Post Sports Writer
Serramonte High's track team was one lap away from a Central Coast Section championship Friday night, and Ronald Kennedy wasn't about to fail.
Alvin Diles steamed toward Kennedy on the third leg of the mile relay, finishing up a 49.2 quarter.
Kennedy grabbed the bation and speed away. He never needed to look back. All he had to do was stay on his feet for Serramonte to take the title—but he went ahead to cross the line first, over a second ahead of San Mateo's Bob Foulke.

I knew they d have a lead for me when I got the bation, he said. Then, wistfully, he added, "I was wishing that I could just run in one event.

That wish was echoed by teammate Tony Hicks. But their reward for extra duty — Kennedy ran in four exerts. Hicks four and Diles two—was the first CCS track coury by a local team since 1966, when Burlinguist of the state of the five meet records recorded Friday night, and won five events. Ten local individuals and four relay team squalified for next weekend's State meet at Balboa Stadium in San Diego.

Woodside kicked off the running events by smashing the 449 relay record as Tim Doyle. Mike Greggans. Eric Illial and Robert Sweet Clocked 416. That beat what had been the fastest time in the State going into the evening's competition.

Itili an room't Sweet cincked 41.6. I hat beat what had been the fastest time in the State going into the evening's competition.

Sertamonte was third in 42.3: the Regents were to score 16 points in relays alone.

Kenneck Hashed to a 12.6 win in the 120 yard high temper record of 14.0 set by Falo Alto's Carl Florant in the receive cord of 14.0 set by Falo Alto's Carl Florant in

nurdice. The state was right behind at 13.9 Both beat the meet record of 14.0 set by Palo Alto's Carl Florant in 1973.

Kennedy was upset in the 440 — though he was one of the favorites, he finished fourth in 49.4, and didn't qualify for the State meet in that event.

"I went out too slow in the first 110." he said. "I tried for a quick stride in the second 110 and didn't wave enough left for the final 220."

Hicks came back shortly afterward to get the last of the Regents. 26 hurdles points with a second place finish in the 330 lows.

He trailed most of the way, but closed quickly at the trailed most of the way, but closed quickly at the thinsh Both he and Los Altos. Jakle were clocked in 37.0, the CCS fastest time of the season. Favorite Don Finely of Cupertino finished third in 23.2 don the turm." said licks look my mind off the race and relaxed too much."

Woodside's Myrt Easley won the triple jump with a tremendous 49.8 effort, breaking the record by three nones at 91.8 effort, breaking the record by three nones 0.0 efforts 10 minsh 10

Steve's brother Ken, one of the top contenders in the long jump and a State meet veteran, fouled three times and failed to qualify. However, he'll be back for another shot next year.

San Carlos, Mitch Kingery led for a time in the two mile. but was passed up by a furious duel between Leigh's Fritzke and Gunn's Jerry Emory. Fritzke finished in 9.651. Emory in 9.652 and Kingery in 9.136, his best time of the year.

Kim Black of Carlmont was one of four pole vaulters to clear 1466—but finished fourth with more misses than the others. He just missed the trip to San Diego. In the 100, the record of 9.7 had stood since 1982 (\*restmoor's Chuck Bommarito had tied it in 1870). But Pedmont Hills jumio Keth Taylor, who carried on a season-long duel with Mount Pleasant's Glenn Cannon, clocked 9.6.

#### Lunny Fight On July 2

Undefeated Redwood City junior lightweight Ray Lunny III will attempt to eliminate another parcel of opposition in his quest for the world title when he takes on sixthranked Jose Luis Lopez in a 10-round main event at the Circle Star Theatre in San Carlos on

Sports an impressive 21-0-3 mark, is trying to set up a possible title shot for late August, Lopez, of Mexico City, signed for the fight Thursday. Meanwhile, Garden City Boxing Club promoter Joe Gagliardi said that he is also negotiating with unbeaten Tyronne Everett for a late summer fight for the North American title.

Tony Hicks
